

SOUTH AFRICA COLLECTORS SOCIETY

Auction 48

To be held at the Strawberry Bank Hotel, Main Rd, Meriden, Coventry CV7 7NF
on the 4th November 2018 at 1.30pm.

This auction offers rather more material than perhaps the last 2 or 3 auctions have contained. There is a wide spread of material, with 80 lots of pre-Union material, in the hope that the members of the various Study Groups attending the Society's weekend will find material to interest them, some excellent Union and RSA lots, and some 50 lots of flown covers from a specialist collector.

Some of the lots (marked 'P') are illustrated (those marked 'P' will be found either within or at the end of the list), but if any further information is required, on these or any other lots, please apply to the Auctioneer, tel 01297 552482 - email nicholasarrow@btinternet.com. The final column is an indication as to where these lots can be inspected during the Society's Convention at the Strawberry Bank Hotel, Meriden, 4th November 2018 - "A" = "Album". Personal inspection can be arranged before that on application to the Auctioneer.

It is not intended to publish a list of either sold or unsold lots after the Auction, but the Auctioneer will gladly respond to enquiries as to possible unsold lots - for details see above.

Pre-Union Material					
Cape of Good Hope					
17 P	2-19	o	A small collection of Cape Triangulars. They have all been checked by an experienced collector and assessed as genuine. Furthermore, almost all of them have good margins. There are SG2 (x3), (also SG2a but in poor condition), SG3 (close margins top), SG4b, SG5 and 5a, SG6a, SG7d (x2 - Cat £1,000 each!), SG8 and 8a (x2), SG18b and SG19. A very fine lot with an extremely high catalogue value	£500-600	L
18	2-4	o	A collection of "blued paper" Cape Triangular stamps. The condition is generally good, with a few margins cut close, but an ideal lot to enlarge one's collection and for further study. Consisting of SG2 x 3, SG 3a and SG4 x 7. A valuable lot with a high catalogue price	£80-100	S
19 P	3	o	1d brick-red on slightly blue paper - a pair, vfu, with good borders, although slightly jagged along one edge. There is a vertical line in the colour of the stamp. This has been examined by an experienced philatelist with the aid of advanced computer programmes. Under strong magnification one can see very slight breaks in the paper fibres, indicating that the item has been folded probably whilst still attached to the cover, and has been ironed out. Also under the strongest magnification, one can see a miniscule paper reinforcing strip to protect the whole. No other signs of tampering were observed. It is an attractive item, and well worth the reserve - Cat £700	£150-200	S
20 P	4	o	4d deep blue on slightly blued paper - a fine pr with good borders, save cut close at one side and very slightly into at one corner	£80-100	S

21	5-8	8	A good collection of the 1855-63 Cape Triangulars, consisting of SG5 x 12, SG6 x 12 + pr, SG7 x 10 + pr and SG8 x 3. Many of these stamps have good borders, but inevitably a few faults are inevitable. A good collection for general study purposes and provides excellent value	£180-200	L
22 P	6a	o	4d blue - a lovely B4 in oblong shape with generally good borders, save cut very fine at 2 top borders and in centre at bottom	£50-60	S

23 P	7c	Txt	6d slate-lilac on slightly blued paper - seems to be (*) but may have been cleaned. Cut very close at TR. Cat £4,000 if genuine but offered "as is"	£100-120	S
24	8	o	Cape triangular 1/- - a good copy with 2 good margins but BL corner just touched and BR corner very close (Cat £300)	£30-40	S
25	13	o	1d "Woodblock" - 2 items - one a genuine stamp but R margin is very poor with the top R panel almost completely cut out, the other is probably forged	£25-30	S
26	18-21	o	Collection of De La Rue printings on 2 stock cards, consisting of SG18 x 4 (1 seemingly (*), 2 good and 1 poor), SG19 x 9 (mostly good), and SG20 and 21 (1 copy each both good)	£140-160	S
27	25w	o	"Hope Seated" - 6d pale lilac with wmk Crown CC with inverted wmk (Cat £475)	£70-80	S
28	Text	*/o	Balance of CoGH collection, which is almost entirely used, on a well filled stock card and several sheets. Obviously needs sorting out but includes many good stamps - an ideal lot for the beginner but the specialist and postmark collectors may well find something of interest.	£25-40	L
29	Text	*/o	A small collection of "Hope Seated" values (inc SG33 */o) plus KE VII set (SG70/8 all * save for 2½d value fu) - excellent value for money	£40-50	S

Griqualand

The following lots are from the collection of the late Jim Dixon. Jim built up his collection in good faith, but, because of the complexities of the stamps of Griqualand West, they are offered 'as is' - they have however been inspected by a far more experienced collector than the auctioneer, whose assessment is included. Subject to the note opposite Lot 30, if a purchaser is not satisfied with the material, and it is promptly returned to the Auctioneer, the purchase price will be refunded.

30	Text	*/o	The whole collection (ie Lots 31-44 inclusive) is offered as a single lot but NB the right to return the material will not be available. This provides a great opportunity for anyone prepared to accept some of the potential chaff for what could turn out to be a very reasonable quantity of wheat!	£150-180	
31	2/3	*/o	1d carmine red * and 4d blue used. The overprints are as per the illustrations in the SACC, but not as per SG. NB the o/p on the 4d is black (per SG) and not red (per SACC). Cat £830 but suspect	£34-50	S
32	4b etc	*	½d grey-black - 4 copies, (4b with wing margin), 4c x 2 (inc a pr with wing margin) and 4e. 4b and 4e seem OK (total catalogue £210), the 2 copies of 4c are suspect.	£50-60	S

33	Text	o	6d deep lilac - 6a (on small piece, indifferent condition but seems OK), 22 (suspect) and 27 (4 copies, indifferent condition, of which one seems OK, the others suspect)	£25-30	S
34	9d	o	1/- green (shades) - 2 are suspect, but one (centred far to the right) seems OK but with rounded BR corner	£18-22	S
35	10f etc	o	5/- yellow-orange - a nice copy which seems OK, plus 10a and 10c both probably forged, and 4 copies of 29, all suspect	£12-15	S
36	11a etc	o	1d carmine red - 4 copies, 11a, 11b x 2 (both thinned etc) and 11e (with good pmk) - all seem OK	£25-36	S
37	11g	o	1d carmine-red - probably OK (cat £80)	£15-18	S
38	Text	o	4d blue - 6a (red o/p - suspect), 12f (black o/p very high on stamp and away from pmk - suspect), 21 (black italic o/p - seems OK) and a collection of 26 (black o/p - 1 forgery and 8 which seem OK, but condition variable)	£25-30	S
39	14/5	*	½d grey-black - SG14 x 3 plus single copy of SG 15 - all suspect	£12-15	S
40	16/17	o	1d carmine-red - 16 x 3 *, 16a * and 16 x 8 all o, and 17 x 2 (inc pr) - all very suspect (save 1 copy of 16 o) and condition poor - sold for study purposes only	£6-8	S
41	16/a/17	*/o	1d carmine-red - 3 copies of 16 all *, condition good and seem OK. Single copy of 16a (inv o/p) seems OK; also a pr and a single, used, of 17, one of the pair possibly has double o/p (17b), but these are suspect as o/p seems to be over the pmk. Reserve for the lot based on the copies of 16/a	£30-34	S
42	24	*/o	½d grey-black - 29 - 5 copies (1 apparently used, but very lightly one with wing margin), all apparently OK but condition variable	£12-18	S
43	28	o	1/- green - 4 copies, condition poor - all probably suspect (1 has Cape Town pm, probably applied after GW stamps were returned to the CT PO)	£8-10	S
44	Text	*/o	Balance of collection - 16 stamps (inc 1 pr) all used, some in very poor condition and 2 revenue stamps (1d - one with italic o/p) both*	£6-8	S

106	Text	*/o	This is a nice amalgamation, in a first class 4 D-ring binder, of several collections of the ½d Springbok. Starting with the printings from the London plates, the collection continues with a selection, probably complete, of the Pretoria hyphenated and unhyphenated stamps, with a few of the monocolour coils thrown in for good measure! There are numerous flaws identified by the Vendor, and particularly noted was a vert pr of the 1947 London plate re-issue used .
